"50 most Impactful Social Innovators in the World" Award by World CSR to Rashmi Aiyappa

Ms. Rashmi Aiyappa, daughter of Col. Bopanda. B. Aiyappa (Jatha) and Jukka Aiyappa, received the "50 most Impactful Social Innovators" Award by World CSR, on Feb 18th, 2017 for her astounding contribution to society. She is a Spiritual Scientist, Inventor and Social Innovator and Founder, Chairperson and CEO of Aashwasan Group of Companies and Founder and Managing Trustee of Aashwasan Foundation. It is a proud moment when a daughter of Coorg when Rashmi Aiyappa was selected from a Global Listing and was invited to receive this prestigious award at the award ceremony which was held at Taj Lands End, Bandra (west), Mumbai. It was inaugurated by Mr Devendra Phadnavis, Chief Minister of Maharashtra. This underlines

the effectiveness of her unique methodology of transforming lives of individuals and corporates alike, paving the way for a better society.

Rashmi Aiyappa's mission is to restore the original creation of humanity so that it moves towards the direction of preservation of nature. Her vision is to lead individuals to explore and experience their infinite self so that each person lives to his/ her fullest potential. Her unconditional love for humanity makes her stand for people with purpose & compassion. She lives as an example for the possibilities of the infinite potential of human life.

This award acknowledges her life's work. She has discovered a unique science, Aashwasan Science™, which is a science of life's mechanism and its manifestations. Her inborn knowledge of human mechanism and understanding of cause and effect in nature, gives her a holistic & accurate understanding of all life's happenings. According to her, evolution has altered the natural mechanisms in life-forms and nature itself against the way it was originally created. This resulted in emergence of more and more diseases, diminished human creativity, and above all has brought degeneration in the quality of living. As a consequence, our collective social wellbeing is deteriorating, despite extraordinary technological advancements.

Aashwasan Science™ is a spiritual technology that can restore nature to its original mechanism and format. The tools & techniques Rashmi Aiyappa invented & continues to invent are offered to the world as services through Aashwasan, the organization founded by her. In last 12 years of its existence,
